## Cultural Heritage Programme Advisory Committee

In August 2015 IFLA created the IFLA Cultural Heritage Programme Advisory Committee which oversees and advises on all of IFLA's cultural heritage activities.

The main role of the Committee is to:

- \* Advise the Governing Board on the strategic priorities and activities of the Cultural Heritage Programme, including the Preservation and Conservation Core Activity
- \* Participate in awareness raising of cultural heritage activities to IFLA members and strategic partners
- \* Support IFLA's policy development and advocacy in areas relevant to cultural heritage
- \* Liaise with the Governing Board's Professional Committee on the participation of IFLA's professional units in cultural heritage activities
- \* Advise the Governing Board on the implementation of the *IFLA Principles of Engagement in library-related activities of disaster risk*

Objetivos

Orientar al Consejo Director sobre las prioridades estratégicas y actividades del Programa del Patrimonio Cultural, incluyendo Preservation and Conservation Core Activity;

Participar en la concientización sobre las actividades ligadas al patrimonio cultural entre los miembros de la IFLA y compañeros;

Apoyar el desarrollo de políticas de la IFLA y concientización sobre temas relevantes para el patrimonio cultural;

Vincular al Comité Profesional del Consejo de Director con los demás profesionales de la IFLA en actividades relacionadas al patrimonio cultural;

Asesorar al Consejo Director en la implementación de los principios que la IFLA sugiere sobre las actividades necesarias para la reducción de riesgos en bibliotecas en tiempos de conflicto, de crisis o desastre natural.

## Register a documentary heritage collection

We encourage institutions, organisations and individuals holding unique documentary heritage collections to register their collections with the IFLA Risk Register. IFLA encourages submissions to the Risk Register from all countries/regions.

You can find the nomination form to the Risk Register here:

[Register your documentary heritage collection](#)

Once your collection is submitted to the Risk Register, an independent committee will assess its authenticity and approve it to be added to the Risk Register. The committee will assess collections on demand (normally 2-3 times a year) and we will be in touch after the evaluation.

## Create Heritage collection

The Risk Register is based on **institutions** that have one or more heritage collections.
